- **Reforestation** - downed trees, tree stumps, and surrounding areas that have not been mowed are considered as ground under repair. Small mounds of dirt that were removed to plant new trees are also Ground Under Repair. You are entitled to relief from new staked trees under the Immovable Obstruction rule.
- **USGA Local Rule E-5 -Alternative to Stroke and Distance for Lost Ball or Ball Out of Bounds** - This USGA Local Rule is intended to speed the pace of play by providing an alternative to a player returning to the spot of the previous shot in the event of a lost ball or a ball out of bounds. It allows the player to take a drop in the nearest spot of the fairway (within two club-lengths of the edge of the fairway), no nearer the hole than where the ball crossed the OB line, with a two-stroke penalty. The same local rule applies to a lost ball, with the player able to drop in the fairway across from where the previous ball is estimated to have come to rest.
 - This will significantly speed up play by not forcing somebody to go backwards on the course to replay a shot after learning that a ball is out of bounds (or lost).
 - For example, if a player sends a tee shot out of bounds and proceeds under this local rule, they will play their fourth shot after dropping near the edge of the fairway. This is the same as them taking the stroke-and-distance penalty, returning to the tee, and then hitting a drive to the edge of the fairway – either way they the next shot is their fourth. If you are not sure, hit a provisional, if you end up not being able to find your ball or its out of bounds, do not go backwards on the course – use this Local Rule.
 - PLEASE READ THE DETAILS ON THE SEPARATE SHEETS REGARDING THIS RULE. SEE ILLUSTRATIONS TO CLARIFY WHERE TO PLAY FROM.

Respectfully,

The Rules Committee
